a halloween carnival challenge · ages 3–5 & 5–8

ghost alley

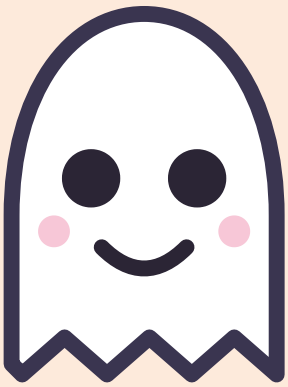

the halloween carnival challenge

roll the dice, enter a spooky alley, beat the challenge and collect ghost points!

what is the game?

Children step into a Halloween carnival with four spooky alleys. At the entrance they **roll a dice** to find out which alley to visit. Each alley is a different physical challenge — and every challenge they beat earns a **ghost point** (a little white ghost token).

the goal: collect **5 ghost points** (ages 3–5) or **8 ghost points** (ages 5–8) to finish Ghost Alley and become an **Official Ghost Alley Champion!**

who	how long	what
ages 3–5 and 5–8	15–20 minutes	4 alleys + a dice station + ghost points

don't drop it

4

coffin tower

build it tall

collect **5 ghost points** (ages 3–5) or **8** (ages 5–8) to finish!

tip: print this page on A3 (or enlarge on a photocopier) to use as a floor or wall board

set up ghost alley

setup & dice

Set out the **entrance board** in the middle. Around it, create **four alley stations**, each with a clear floor boundary (use tape), its station sign, the materials listed, and a teacher to award ghost points.

1. Place the **Ghost Alley board** at the centre as the entrance and dice station.
2. Mark out **four alleys** with floor tape and stand a **station sign** at each.
3. Lay out each alley's **materials** and print a stack of **ghost-point tokens** for each teacher.
4. Give each child a **ghost collector card** or a small paper pouch to hold their ghosts.

roll the dice at the entrance

Use a **four-sided dice**, or a normal **six-sided dice** with these alleys:

knockdown

balloon keep-up

spider spoon race

coffin tower

player's choice

teacher's choice

why a dice? The dice decides each child's path, so there is surprise, children can revisit favourite alleys, and queues stay short. If an alley is busy, just **roll again**.

the alleys

station signs 1–2

Print and stand one sign at each alley. Little ghosts = ages 3–5 · big ghosts = ages 5–8.

1 ghost knockdown

Knock down the ghosts!

little ghosts · ages 3–5
Stand 1 m away. Roll a soft ball and earn **1 ghost point** for knocking down at least 2 cups.

big ghosts · ages 5–8
Stand 2 m away. **1 point** for 3–4 cups, **2 points** for 5–6 cups.

materials: 6 decorated paper cups (ghost faces), 1 soft ball, floor tape for the throwing line.

2 ghost balloon keep-up

Don't let the ghost touch the ground!

little ghosts · ages 3–5
Tap one ghost balloon and keep it afloat for **10 seconds** to earn **1 ghost point**.

big ghosts · ages 5–8
Keep it up for **20 seconds** = **1 point**, or **30 seconds** = **2 points**.

materials: White ghost-face balloons, a timer, floor tape. Adults inflate balloons and clear any broken pieces.

the alleys

station signs 3–4

Print and stand one sign at each alley. Little ghosts = ages 3–5 · big ghosts = ages 5–8.

3 spider spoon race

Rescue the spider without dropping it!

little ghosts · ages 3–5

Carry a pretend spider on a spoon along a straight **3 m** path to earn **1 ghost point**. Dropped? Pick it up and keep going.

big ghosts · ages 5–8

Walk a **5 m** path with two turns = **1 point**. Finish without dropping it = **2 points**.

materials: Large plastic spoons, lightweight pretend spiders, coloured floor tape, start & finish signs.

4 coffin tower

Build a tower that doesn't fall!

little ghosts · ages 3–5

Stack **3** coffin cards or blocks into a tower that stands up to earn **1 ghost point**.

big ghosts · ages 5–8

Build a freestanding tower: **2 levels** = **1 point**, **3 levels** = **2 points**. Fold card pairs into triangles for support.

materials: Black coffin cards, thick folded cardboard supports for younger builders, a flat table.

ghost points & how to win

the reward

Each **ghost point** is a little white paper token with a friendly ghost face. Teachers hand one over **straight after** a child beats a challenge. Children keep them in a pouch or stick them onto their **ghost collector card**.

	👻 little ghosts (3–5)	👻 big ghosts (5–8)
target to finish	5 ghost points	8 ghost points
points per challenge	1	1–2 (bonus for stronger play)
attempts	as many as they like — keep trying!	

When a child reaches their target, they return to the entrance, show their ghosts and earn the title of **Official Ghost Alley Champion!** 🏆

how the teacher runs it

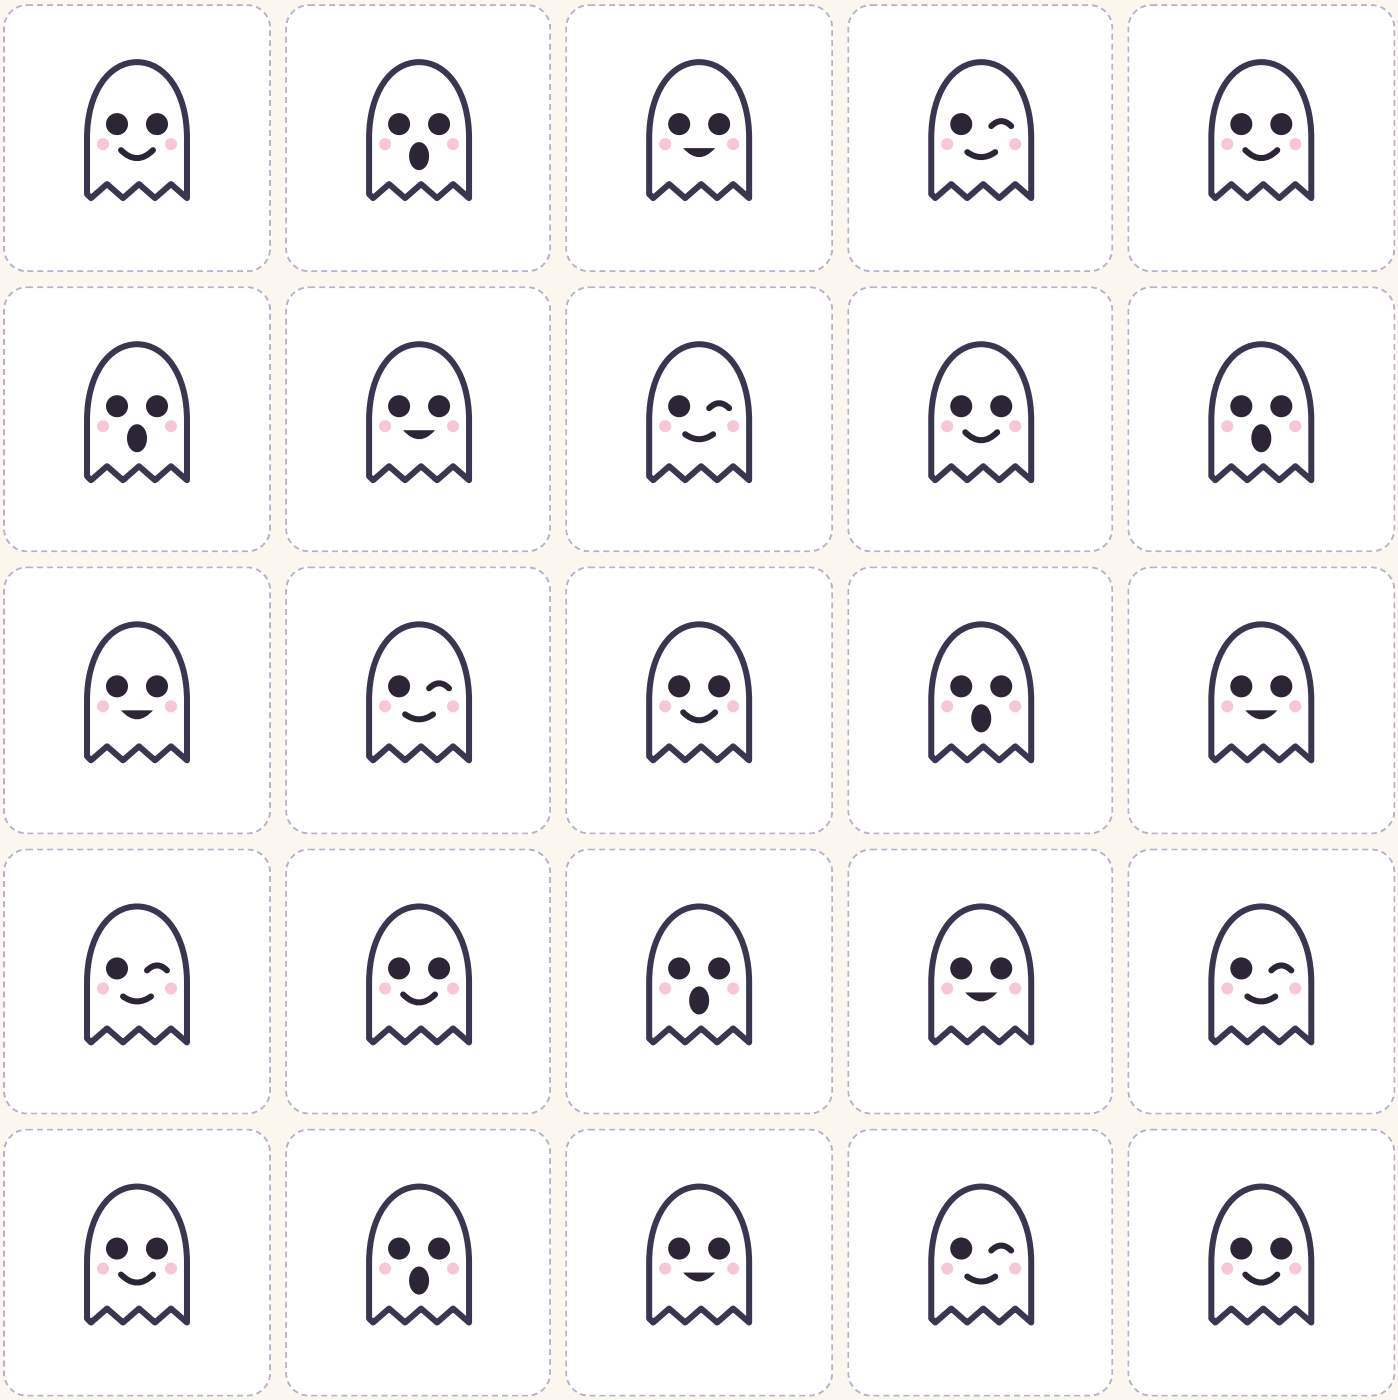

1. Welcome the child at the central board — explain they must collect enough ghosts to escape the alley.
2. The child **rolls the dice** and finds the matching alley on the board.
3. Send them to that alley; the station teacher **demonstrates** and lets them try.
4. Award the right number of **ghost points**. Support younger children and allow repeat tries.
5. Send the child back to the board to **roll again** — repeat until they reach their target.
6. Count the ghosts together, celebrate, and reset the materials for the next child.

keep it joyful: for ages 3–5 stay cooperative and success-oriented — never use timers to disqualify. For ages 5–8 add challenge and let strong play earn bonus points. **The board makes the adventure, the dice makes the surprise, the alleys make the challenge, and the ghost points make the goal.**

ghost point tokens

cut-out tokens

Print several copies on white card, laminate, and cut along the dotted lines. Hand one to a child each time they beat a challenge.

ghost collector cards

cut-out cards

Give each child a card. They stick a ghost token in each slot — fill every slot to become a champion!
